

# SCIENCE WEEK IN SCHOOLS 2022

## LIVE!

# WINDOW TO THE WORLD A STEM STORY

Celebrate National Science Week 2022

School Theme: Glass: More than meets the eye

## National Science Week 2022 Overview

Jump through a **Window To The World** to discover the unsung hero of **STEM – Glass!**

At the heart of the global transformation of communications, technology, medicine, transport and global sustainability is the sandy substance of glass. We can't live the way we do without it – from fibre-optics, the internet, mobile phones, and its indispensable role to improve our quality of life and help us live more sustainably in the future.

With comedic science sketches delivered by our professional Actor/Educators, your students will laugh & learn all about the every-day impact of glass, how it is driving a sustainable future, and the incredible impact of some of Australia's famous scientists who have led the way.

**Window To The World** will open your students eyes to:

- The Wonders of Glass
- How Glass Connects the World
- See the Impacts on our Health
- How Glass is leading a Sustainable Future

Celebrating the **2022 International Year of Glass** and the **National Science Week School Theme Glass: More than meets the eye**, bring your students through a **Window To The World – A STEM Story!**

*"It was a very entertaining way to teach so many STEM concepts and scientific fact. Students were engaged and the content supported classroom learning. Students were discussing possible future opportunities after the presentation."*

**- Flaxmill School**

*"Great way to inspire students to be more curious and actively involved in science and STEM initiatives."*

**- Georges River Grammar**

## Quick Information

**Term 3 LIVE tour dates:**

Mon 8th Aug – Fri 26th Aug, 2022

**National Science Week dates:**

Sat 13th Aug – Fri 19th Aug, 2022

**Available:**

NSW and VIC

**Duration:**

45 minutes including discussion time

**Suitability:**

Grades 5-9

**Location:**

Live, in your school!
