

SCIENCE WEEK IN SCHOOLS 2020

Made STEM accessible to all students, even those who don't 'love science'

- Groves Christian College

The oceans are needlessly being harmed on a daily basis. In today's ever-changing world, those tasked with conserving our planet's resources are members of an elite squad: **The Marine Team**. This educational incursion engages grade 5-9 school students in marine science and innovation to achieve long-term sustainability of our oceans.

The Marine Team is a 40 minute, live-in-school performance that consists of two professional actor/educators with two goals. The first goal is to highlight **what is ocean sustainability, how oceans impact our planet, solutions that generate healthy oceans** and **how YOU can help embrace innovative ocean technology**. The second goal is to make your students laugh so hard that they forget they're learning!

The in-school program is a series of improvised comedy sketches between characters in all sorts of hilarious situations. Taking suggestions from the audience, the actors engage students to help create the show they see, forming a customized performance with each presentation.

Quick Info

In-School Tour Dates 2020

Monday 10th Aug – Friday 28th Aug 2020
SCIENCE WEEK: Mon 17th – Fri 21st Aug

Available:

VIC and NSW

Duration:

45 minutes including discussion time

Suitability:

Grades 5-9

Location:

In your school
