Celebrate Science/STEM in Schools 2024

## Program Overview

### AI is the future of STEM!

It's never been more important to be knowledgeable on what makes AI accessible, from **coding to innovation to technology**.

The more we know about how powerful AI can be, the more we can solve problems in everyday life. Becoming familiar with AI innovation in industry and science, as well as its (sometimes unintended) consequences, will make students better prepared for the advances in technology, and the ways in which **STEM is leading our future study and career pathways**.

Join the **AI Academy** where students will learn that:

- Coding is useful and powerful (*an Intern lands at his dream tech start up*)
- Innovation drives technology (*two students at the school science fair*)
- Technology advances our lives (*tech is more than a game*)
- How AI impacts our future (*from medicine to mining to manufacturing*)

The show consists of **comedic and interactive science sketches**, introducing crazy characters and relatable situations, delivered by our professional **Actor/Educators**.

Student audience and volunteers become part of the action, and are encouraged to offer suggestions that the actor will incorporate. The result is that students get to have input in the show, while watching and learning!

**Curriculum Focus:** Science, Mathematics, Social Sciences, Technology, The Arts, with coverage of **Key Competencies** and **Values**.

*"The students loved the interactive nature of the performance. It was engaging. Audience inspired to engage in topics that they might not normally find interesting."*

- Saint Kentigern College, Auckland

*"A great show that was in depth and was a lead on to further opportunities for learning. Thank you!"*

- Belfast School, Belfast

*"This was a really clever way to get across a lot of important information in a way that was interesting and engaging."*

- Sumner School, Christchurch

## Quick Information 2024

### Term 2 LIVE Tour Dates:

CHCH Mon 13th May - Fri 17th May  
WELL Mon 20th May - Fri 24th May  
AUCK Mon 27th May - Fri 21st Jun

### Term 3 LIVE Tour Dates:

CHCH Mon 29th Jul - Fri 2nd Aug  
WELL Mon 5th Aug - Fri 9th Aug  
AUCK Mon 12th Aug - Fri 23rd Aug

### Duration:

45 minutes including question time

### Suitability:

Grades 5 - 10

### Location:

Live, in your school!

### BOOK NOW:

Simply call or email our team today and find more info at **PerformEducation.com**
